Participation Release  
(Students 18 years old)

The Community Library wants to encourage active reading and strong writing skills among Blaine County youth ages 12 to 18, so we are asking kids to write book reviews to be published on the Library website and in other Library publications - and we will pay them for their reviews!

I agree that to participate in The Community Library’s Book Beat and I authorize The Community Library to publish or print book reviews written by me.

- The reviews will include the first name, the grade and a Bitmoji or other similar type of image of me.
- The Library will not use last names, school or identifying photos of children.
- These records may be used for promotional or publicity purposes and may be published in mass media, social media and on Internet sites (i.e., web site, blogs, newsletters).
